"Flood Debris Can Be Held Back Will Show You How To Do It!"

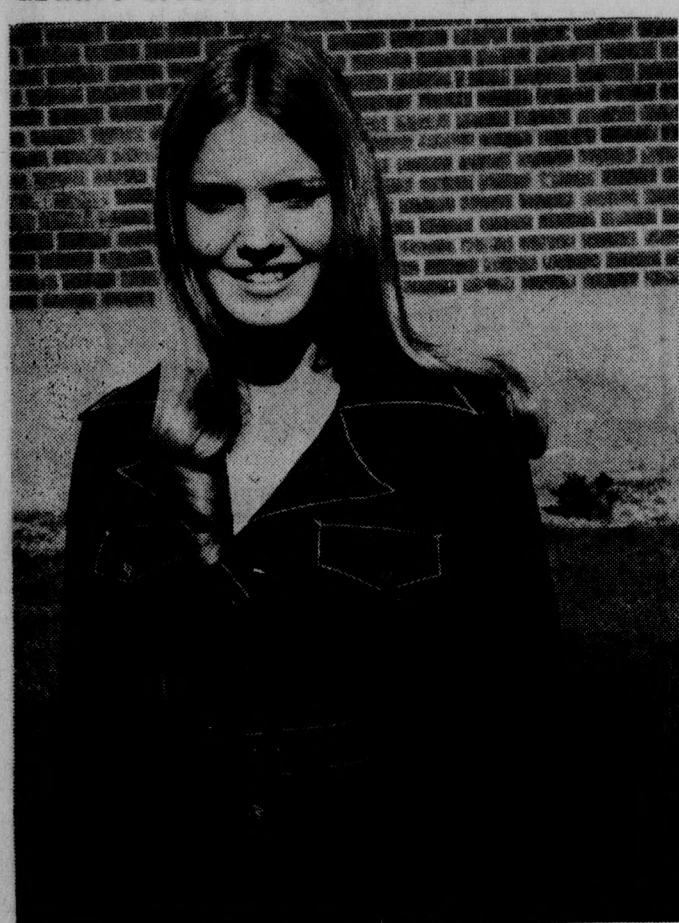

Rose Float Open House December 14

Sierra Madre Rose Float Princesses Cheryl Rikley, Cindy Stormie and Marilyn Williams, Tournament of Roses Queen Pamela Tedesco, officials of the Pasadena Tournament of Roses Association, Mayor Hartman, Councilmen and Parks and Recreation Commission members and other celebrities will be on hand for the Annual Open House at the Tent, Sunday, December 14, from 1 to 4 in Sierra Vista Park on Sierra Madre Blvd.

The artist's drawing of the float, "Bit O' Eire" which honors St. Patrick's Day, will be on view and an example of the flowers used to create the desired effect.

Construction chairmen John Govorchin and Carl Griffin will have a crew available to answer questions and explain the different phases of float building. Food chairman, Mrs. Robert McMahon will provide refreshments of various kinds and princess participation chairman Mrs. Ruth Barden will introduce us to our lovely Princesses and their families. The highlight of the brief ceremony will be the moment when the girls draw numbers to determine their respective positions on the float, followed by the christening of Bit O' Eire.

Introducing One of Three Sierra Madre Rose Princesses For 1970

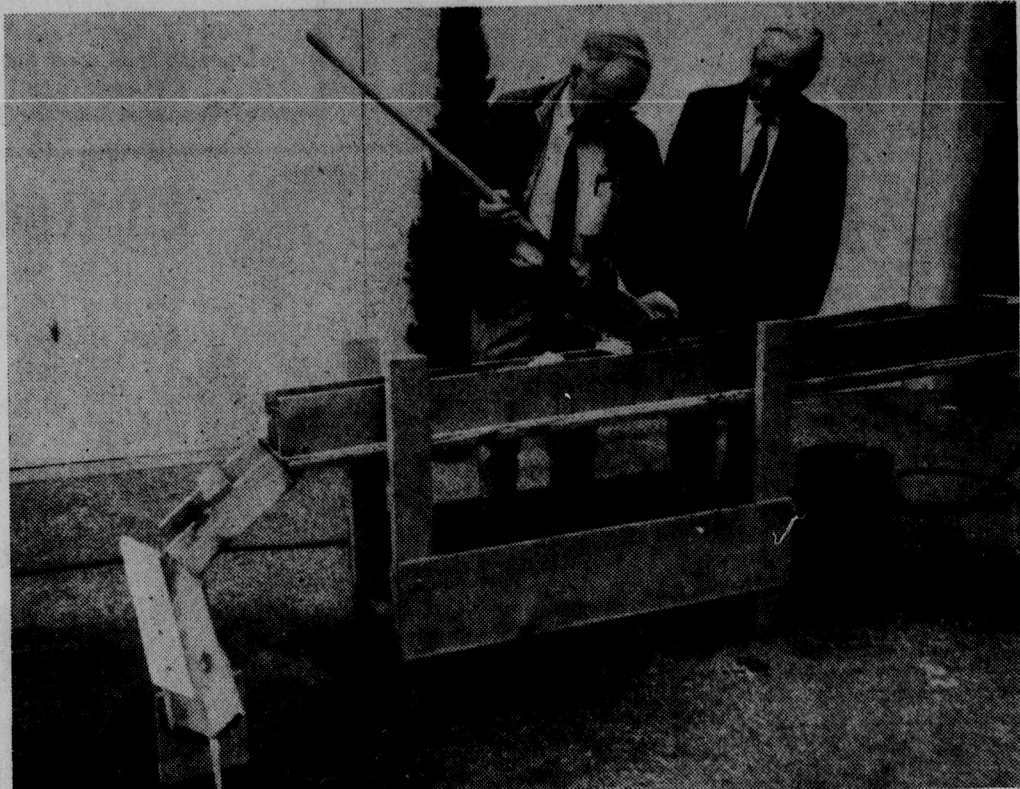

CHERYL RIKLEY

... Sierra Madre Rose Princess

Cheryl Rikley, a tenth grader at Pasadena High School, has been chosen as one of Sierra Madre's Princesses and will ride on the city's float "Bit O' Eire" on January 1, 1970. Cheryl, the oldest of the six children of Dr. and Mrs. Richard Frank of Santa Anita Court is 15 years old and is a member of GAA, Sierra Madre Teen Club and is a Mariner with Mrs. Marjorie Peterson as her leader. This lovely young lady enjoys horseback riding and sewing and plans to be a Dental Hygienist or an Airline Stewardess. The Frank household also includes a dachshund, siamese cat, calico kitten, parakeet and a goldfish named Fred.

Cheryl was born in Riverside, California, attended Williams Elementary School in Glendora, Goddard Junior High in Glendora, Cameron Junior High in West Covina and Wilson Junior High in Pasadena, before entering PHS. "I really feel privileged to be chosen as a representative of Sierra Madre. The three Princesses, Cheryl, Cindy Stormie and Marilyn Williams, will be presented to the citizens of their town at the Open House at the Tent in Sierra Vista Park, Sunday, December 14 at 2:00 p.m.

EDMUND WAGNER, local resident, demonstrates his trash rack to Joe Theis, president of the Foothills Area Association. Public demonstration will be held in the city parking lot next to the City Hall Saturday morning, December 6 at the hour of 10 a.m. and again in the Canyon area at 2 p.m. the same day.

Full Demonstration For the Public Saturday, Dec. 6

Canyon Citizens Believe All Possibilities Should Be Explored

By EDMUND WAGNER, Local Resident

Ed Wagner, a resident of Sierra Madre, while a member of the City Council two years ago, proposed a debris retainer to be placed behind the dam in Little Santa Anita Canyon to bring the ability to retain debris to be produced in case of a fire on the watershed, followed by a saturating rain, and then a fifty year storm up to the 340,000 cubic yard estimate made by the Corps of Engineers.

At the Council meeting of November 25, the Foothill Areas Association brought the matter before the Council again, pointing out that as a result of the 417 acres burned over on the watershed in the fire this past season, the LA County Flood Control had alerted the Canyon residents to a possible disaster from debris produced as a result of rain this winter being beyond the 150,000 yard capacity of the dam to retain, with the excess flowing over the dam into the Canyon.

After discussion of the fact that two years ago the Flood Control staff had proposed to enlarge the capacity behind the dam to 250,000 cubic yards (still 90,000 cubic yards below the required capacity as computed by the Corps of Engineers), and now states that no enlargement is possible because of unfavorable geological conditions in the canyon behind the dam, the Council directed Mr. Boehm, City Administrator, to arrange for a review of the debris retainer rack with L.A. County Flood Control, Mr. Wagner, and Mr. Bevington, City Engineer.

The debris retainer proposed by Mr. Wagner consists of a screen made of parallel bars to be placed at a suitable location behind the dam to increase the debris retaining capacity to at least 340,000 cubic yards. The screen would be placed at an angle of 30° to the horizontal, which is approximately the angle of repose in water of the debris that is expected to be deposited.

This placement will minimize the pressures on the structure from the debris, and makes feasible a light supporting structure, as compared to a dam, to

Majubers Arrived And Left

The Majubers came, and the Majubers went. They left a whole bundle of goodwill and did not create any problems whatsoever. Experts estimate that throughout the day, although some came early left early, came late and left late that there were in the vicinity of between 6,000 and 7,000.

The Pancake breakfast was well attended having been reported that they served somewhere in the vicinity of 1,200 breakfasts. All eating establishments were at capacity throughout the day and the Sierra Madre News sold over 3,000 copies on that day.

All in all it was a fun packed day, with Jazzbeaux in full form. Not much can be said of it being a business day for the merchants, but it was a day that goodwill was spread and with hopes that those who were here will come back another day to see the local merchants. Further, very few of the merchants really knew just what was going to happen and could not

Fund Drive For PHS Music Dept.

"We'll take you out of this world," is the promise made by the planners of Fanfare III, a fund raising event scheduled for Saturday, December 13 to benefit the Pasadena High School Music Department.

Held aboard the S.S. Catalina, docked in the shadow of the Vincent Thomas Bridge, and in the new Catalina Terminal Building, the evening will feature a chartered bus ride from PHS to the S.S. Catalina, a moonlight harbor cruise aboard the S.S. Cabrillo, continuous and varied entertainment in both locales, dancing to a choice of music, catered dinner, door prizes, and surprise guests.

The evening's festivities will begin in the PHS parking lot, where participants will board chartered buses. Enroute to Wilmington, a "minstrel" will provide entertainment, and a steward will award bus prizes, donated by local merchants.

Arriving at the Catalina Terminal Building, guests will enjoy the entertainment featuring a variety of soloists, barber shop quartets, and student groups from nearby colleges and universities.

Bake Goods To Be At Robert Mkt.

Home baked goodies will once again shine through the windows of the Wistaria Bake Shop site, next to Roberts Market, when the Parent's Club of Ascension Parish School hold their annual Boutique de Noel December 4th, 5th and 6th. Candy trees, cone and nut wreaths, felt wall hangings, hand made toys and a unique variety of Christmas ornaments will be on sale and proceeds from the boutique will go towards the purchase of a second bus

Bob Bozzani Hosts KFI Personality

Presentation ceremonies at Bob Bozzani Volkswagen in Monrovia, previewed the fun in store at Treasure of the Sierra Madre Days, held in Sierra Madre Saturday, November 28.

Al "Jazzbeaux" Collins, popular K.F.I. radio personality made the scene to receive his new Volkswagen, a custom painted metallic purple and orange Station Wagon created by Bob Bozzani Volkswagen.

The color scheme, resulting from the purpleness of the Purple Grotto where Jazzbeaux does his thing and the vibrations of the

Two Girls On Top Of the Heap . . .

MISS PATTI KENNEDY, daughter of Mr. and Mrs. Leo Kennedy of North Adams, and MISS LORRI OSTI, daughter of Mr. and Mrs. Fred Osti, Jr. of South Lima have been named as the top rose-sellers in the Sierra Madre Rose

Sierra Madre's Oldest Resident

Raymond Daniel Andrews Succumbs, Services Private

Raymond Daniel Andrews was born in 1890 in Sierra Madre. He was one of four sons of Walter S. Andrews, who came to Sierra Madre in 1881. He bought a ranch at the corner of Sierra Madre Blvd. and Michillinda, where he built a home in 1882. Sierra Madre then was not a city but a cluster of small houses.

Raymond Andrews had his elementary education in Sierra Madre at the first school where Kersting Court is now. He attended Troop Polytechnic Institute for his high school years. Then he attended California Institute of Technology for two years, before entering the University of California at Berkeley, from which he graduated with an electrical engineer's degree in 1915.

Mr. Andrews was employed by the Edison Company for 21 years. From 1944 he owned his own business of electrical supplies and equipment with offices in Los Angeles and Pasadena. Later he became an engineering consultant.

Raymond Andrews carried on his father's tradition of civic activities. He was a first lieutenant in the Marine Corps, following his

college graduation. Twice he was the Master of the Sierra Madre Masonic Lodge No. 408 F. and A.M. He served on the Alumni Board of Cal. Tech. As an organizer of the Friends of the Sierra Madre Library he was the first president. For several years he was the president of the Sierra Madre Historical Society.

Long a member of the National Audubon Society and the Pasadena chapter, he also enjoyed membership in the Los Angeles County

Majuber-Wagen Presented By Bob Bozzani

Cause for the pre-festivities celebrating occurred at Bob Bozzani Volkswagen, in Monrovia, with the christening and presentation of Numero Uno Majuber-wagen to Al "Jazzbeaux" Collins, K.F.I. radio personality and the naturalization of Bob Bozzani as an honorary citizen of Sierra Madre by Mayor Robert "Bud" Hartman.

After all the official functions were completed the gentlemen were joined by their wives, Barbara Bozzani, Patty Collins and Chris Hartman. They all then drove the Majuber-wagen to Chalon Restaurant in Pasadena where Rene Devigne had carried out the color scheme of purple and orange at a table prepared especially for the party.

Fire Calls No. 95-96-97

To end Treasure of Sierra Madre Days the Firefighters were called into action at the hour of 5:35 p.m. to Roess Market on the corner of Lima and Sierra Madre Blvd.

Engine 424 made the run in one minute and 14 seconds to find the rubbish bins were burning. Five minutes of pumping using approximately 50 gallons of water extinguished the blaze.

Engine 423 also responded but returned to the station on standby. Trucks 421 and 422, and Car 426 also responded, as did 17 Regular Firefighters and One Reserve.

This was Fire Suppression Call No. 95 for the year as compared to 62 at this same time last year.

Fire Chief Charles Brown declared no damage and released the men and equipment at 5:59 to return to

Three New Employees For City

The City's advertising and recruiting campaign for a Director of Public Works yielded six qualified applicants. These applicants were interviewed on Friday, November 21 by a board consisting of George Caswell, City Manager of La Verne, Chet Howard, Director of Public Works, City of Arcadia, and Don Grigsby, former Public Works Director here. Councilman Rule was invited to participate as a board member but because of an emergency at work was only able to participate in the interview of one of the candidates.

Based on a review of the professional qualifications and experience of the candidates, as well as on the board's unanimous recommendation, it was recommended that Bernard P.

—Please turn to Page 9

Well, thank the good Lord, November 29th is all over with and now all we have to do is set back and say Whatta Day. It has been a good long time since so many people have been on the streets of Sierra Madre in any one day.

Just wouldn't the merchants have a hay day if every week was like it was on the 29th; of course, if every day was like that they would be more in the mood for spending money to keep the home fires burning instead of entertainment, but it was fun and it will be a day long to remember, and it was a honey of a promotion.

—CT—

I was talking in a mixed crowd the other day over coffee when one of those present brought up the age old sentence of "What reading matter would you take along if you were marooned on a deserted island, "A brilliant young lady sitting across the aisle immediately answered "A tattooed sailor."

... To her that may have been good reading material, but honestly I don't know what I would do with it, do you?

—CT—

Last week I told you the Fable of the Flea, and of course, it had a moral to the story, now I have come up with another one that will show you what is happening to our dollar — and what it will buy for you.

—CT—

The way the story goes it seems that this fellow bumped his head and went into a 20-year coma. Awakening refreshed and clear-headed in the year 1989, the first thing that he did was to phone his broker.

—CT—

With the help of a computer set-up, it took his broker only a few minutes to report that his shares of AT&T were now worth \$8.5 million, his shares of General Motors were now worth \$5.5 million, and his holdings in Xerox had increased to an amazing \$15 million.

—CT—

"Good Lord!" exclaimed the man, "I'm rich, I am absolutely a rich man." At which point the telephone operator came on the line and said, "Your three minutes are up. Would you please deposit a million dollars?" ... which only goes to show, easy come, easy go.

—CT—

Well from where I sit looking at the calendar, it is only 18 more shopping days until Christmas, and it only seemed like yesterday it was 365, but time does fly and along with it your money, but as everyone tells me, "You can't take it with you," so, why not relax, spend it and enjoy it.

—CT—

Seems that the City of Sierra Madre has about all the information possible in regards to possible flood, mud and debris. They have had several meetings with the people most likely to be affected. They have brought in the Flood Control people to explain just what could happen, and the motto that seems to be the one most prevalent is "Be Prepared."

—CT—

The Flood Control District stands ready to assist you in your particular property and only a phone call to Don Nichols 223-2111, Extension 74381 will bring members of the staff to your home in a few days to discuss your situation. But now is the time to prepare and not wait until the rain has fallen or is in the process of falling.

—CT—

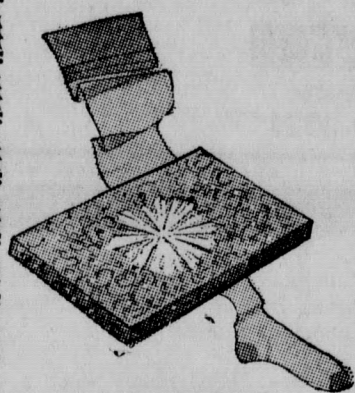

—Please turn to Page 10

AL JAZZBEAUX COLLINS surrounded by a portion of the Majubers that spent the day in Sierra Madre Saturday, November 29. Experts estimate 7,000 attended the day, some leaving early, some coming later. Termed by all to be a fun-filled day.

Altadena Woman's Club Reports

The Altadena Woman's Club CFWC Junior membership, Mental Health Chairman, Mrs. Larry Bickel reports the Philanas, a philanthropic girls club at Pasadena High School assisted

PERSONALS

CUT-THROAT - I hear there will be a public demonstration west of the City Hall, Saturday, Dec. 6. Pull all the supporters together to be present. We have to see that something is done about our Canyon. This just may be it; can't afford to overlook anything - ACE-INTHE-HOLE

BOBBIE - We will be here for Christmas, and it looks like a few Christmases to come, but we can not yip about it yet. I am real encouraged and it does look real good to me and those that I associate with - BETTY

PERRY - I will not stand for the treatment that you have been throwing my way. Past associates didn't hand me anything such as this and I was a great deal happier then than I am now. I therefore state: change your ways of doing things, or I am going to have to drop a few of those poison pen letters where they may do the most good. If you think I am joking, then you are asking for it - PAULINE

KATHY - I could have told you that ZED would be absolutely no good for your purposes, CC would do the trick but AKE would have been a more thorough and sure bet. RR is a true blue supporter and you can rely upon his testimony. I saw you from a distance Sunday but for reasons best known to both of us could not contact you. See you as planned - CAMBODIE

ED - Smart thinking; carrying that portable "dam thing" around with you all the time to whip up support, keep 'em off guard then they may not remember who delayed the channel reconstruction, just in case there is trouble. - FRANK LEE

ATTENTION CITIZENS - The Firefighters' Dance is Saturday, December 13. They are falling far short of necessary funds; it is hoped that you will send in your Green Envelopes this week as the proceeds are needed for the Charity activities of the Department for the coming year. You are also wanted to attend the dance, for an evening of fun - DON and DICK

EDMUND - The way things are going you will just have to throw your hat in the ring this spring. you owe it to the people who believe in you, and there are more today than there were in 1968; you can count on it - PEPPI

HARRY - Did you see that Purple streak with an Orange tail go through Sierra Madre on Saturday? It was a sight never seen before. I hear it may come back again next year; this time we will all join in the festivities. Those that ventured out had a whale of a time - MARY

Former Youth Director of Bethany Installed As Pastor In San Gabriel

Former youth director of Bethany Church of Sierra Madre, the Rev. Lenox G. Palin is slated to be installed new pastor of San Gabriel Union Church at 7:30 p.m. Wednesday, December 10 in the sanctuary at Las Tunas and Pine Sts., with Dr. Wilbur Smith, eminent minister and member of Fuller Theological Seminary faculty officiating in a ceremony embracing other members of the San Gabriel Valley clergy.

The 1,000-member church, further noted Mr. Canrill, is active in many evangelical efforts, and includes in its outreach support of 45 missionaries, and the San Gabriel Christian School, now in its 20th year, with an enrollment this semester of 400 in elementary and junior high grades.

Volunteers For Schools Needed

Do you wish to help elementary children learn? Sierra Madre and Sierra Madre Elementary Schools need volunteers who can give a minimum of two hours a week. These aides are needed to work with individual children or small groups under the direction of the classroom teacher.

Extensive educational experience is not a requirement. Interest in and love for children, a desire to work with them, and a regular commitment of your time are necessary. All volunteers must have had a chest X-ray within the past year.

If you wish to volunteer or desire further information, you are invited to attend a P.T.A. meeting at the Sierra Mesa Cafeteria, Wednesday, January 14, 1970 at 9:30 a.m. Dr. Inez Robinson, district liaison consultant for school volunteers, will explain the P.T.A. SERVE project at that time.

Those unable to attend may obtain information by calling Dr. Robinson's office, 795-1981, extension 209, or Mrs. Donald Hales, P.T.A. SERVE chairman, 795-6981, extension 312.

Mr. Palin is active with the National Association of Evangelicals.

The Palins have three children, Drew, 17; Karen, 14, and Lynn, 10.

Founded in 1918, the San Gabriel church has had several pastors, with Dr. Joseph Hemphill resigning in 1968. The Rev. Thomas J. Cherry, assistant pastor, serviced since then, noted Fred Canrill, chairman of the board of deacons.

Fire Calls

the station and secure the equipment.

Alarm Number 96 for the year came at 3:17 Monday afternoon to 118 East Highland to the home occupied by Anthony Gomez.

Engine 424 answered the alarm and was at the scene of a brush fire at the rear of the home in 2 minutes and 14 seconds. Using the booster line the fire was extinguished with 200 gallons of water pumping for 6 minutes. 250 feet of 1 1/2 inch hose was pulled but not used.

George Joseph Simpson of 110 East Highland phoned in the alarm. 12 Regular Firefighters and one Reserve answered the alarm, with Fire Chief declaring that no damage was done due to the fire, released the men and equipment at 4:10. Trucks 421 and 422 and Car 426 also responded to the scene of the fire. Engine 423 was at the station.

The next call in the series for the week and Alarm No. 97 for the year came at 7:09 p.m. Monday evening to the address of 480 N. Sunnyside.

Engine 424 arrived in 4 minutes to find that the fire was out, but had been a gigantic fire ball on an electric pole caused by high tension wires shorting out.

Seventeen Regular Firefighters answered the alarm, with Truck 421 responding also. Engine 423 was in the station. Declaring no damage due to fire, outside of the electrical equipment of the Edison Company, Fire Chief Charles Brown released the men and equipment at 7:40.

Flood Debris Can Be Held Back — Wagner

maintain the screen in place. Such a supporting structure has the advantage of allowing clearances adequate for equipment required to remove debris from the structure following its deposit to prepare the structure to perform in succeeding storms.

The spacing apart of the bars in the screen would be established after an investigation of the distribution of particle size in the debris to be expected. There are well established engineering criteria for slot width as related to particle size distribution to achieve stable retention of granular material by slots. These are well established, having been developed in the period of 1929-30, and having been in successful use since then.

The bottom edge of the screen would extend below the top of the dam, and the upper end would extend above the top of the dam. The extension below the dam, along with the distance the screen is placed behind the dam, would determine the volume of clear water the dam could retain for controlled release into the channel below the dam. The extension above the top of the dam, along with the distance the screen is

placed behind the dam, and the distance the lower end of the screen is placed below the top of the dam, would determine the debris retaining capacity created behind the dam and screen. Debris would pass through the space between the lower end of the screen and the streambed until the debris built up to a depth to contact the bottom of the screen. Then the debris would be retained behind the screen, the rest of the space between the screen and the dam being used for water storage to control peak rates of runoff during rains. The selection of the location of the screen, and the distance of the bottom below the dam, and the top above the dam, would be made after a study to balance all requirements for performance.

Boulders are kept from contacting the screen and possibly damaging it by bars sloping 30° to the rear, spaced apart a distance equal to rock and boulder size to be retained.

A demonstration of a model to illustrate the principles involved was given in the driveway of Mr. Wagner's home on the afternoon of November 25, at the request of the Foothill Areas Association. The FAA invited members of the City Staff, as well as their own members, and other citizens, and the press. No members of the City Staff, or Council or Flood Control, attended. The demonstration showed satisfactory retention of debris typical of that which would be expected from burned off slopes behind the dam. A handful of leaves thrown into the water and earth being carried by the water showed little effect on the water flowing through the screen, and on the retention of the debris by the screen.

Another demonstration is to be arranged by Mr. Boehm, to which Flood Control staff is invited. A public demonstration will be held December 6 at 10 a.m. in the parking lot next to the City Hall, and at 2 p.m. in the Canyon. All are invited to attend.

Singletons Club Hold Pot Luck

The Singletons Club of West Covina held a Pot Luck Dinner at the Highland Oaks School Youth Hut Saturday evening, November 22. Entertainment was presented by Terri-Jane Goulard, 7 years old, who played two selections on the violin by ear, Suzuki method. Julie Bineult and Holly Gilmore sang "Over the Rainbow," "Moon River" and "Hello, Dolly," and then had the audience sing "Hello Dolly," with them. Accompanist on the piano was Brian Mittman who also played "This Land Is Your Land." Teresa Medaris chose two catchy tunes to tap dance to.

Hostess and program arranger was Irene Berry, secretary at Highland Oaks School and a member of the Singletons Club.

Photographs were taken by Art Doney of Monrovia, also a member of the club.

FIRE SIDE

From the

By One of the Boys

All of the Firefighters Fire Marshal Ludden had sure had a major day on Saturday, November 29, I am sure it is one that some of them will long remember.

— SMVFD —
Take Engineer Lee Graves for instance; he was busy all day dishing out those Majuberos T-Shirts, had sort of a production line going, not wanting to make up more than he could sell, he had son Bobby running back and forth to the home factory dashing 'em out. Of course, wife Anne was not to be outdone, she was selling "Spiders Are Majuberos" bumper stickers and the profit from that went to the Firefighters.

— SMVFD —
No one seems to quite know where Reservist Maurer spent the day; some say he was eating Mexican food others say that he was following Jazzbeaux all day hoping that some of his notariety would rub off.

— SMVFD —
Of course I did not see it, but the grapevine tells me that Captain John Buchan had a ball all day, Purple Beard and all; then we know that wife Jane was in her glory with all the activity of the Civic Club.

— SMVFD —
Fire Chief Charles Brown doesn't seem to know exactly what hit the town, but in any event he was fully prepared for it, but doesn't quite know whether it should be an annual affair or not.

— SMVFD —
Engineer Evans hid out most of the day; said that he just couldn't stand to see all that Purple and Orange, as he had enough Purple to last him for many a year to come, clear up to the elbows.

— SMVFD —
Engineer Signorino had his hands full trying to keep the flapjacks off of the carpets down at the new Community Center, and Doug Tucker had the time of his life on the Fire radio and watching the work of the Police Department.

— SMVFD —
Captain Don Burleson and

The young Firefighters were worried all day for fear that they would be called to a fire and would be unable to find the fire equipment, but still didn't want to be called because they were having so much fun downtown.

— SMVFD —
All in all, everyone seemed to have their share of fun, and in the future when anyone asked you what a "Promotion" is you can always refer to the day called "Treasure of Sierra Madre" Day and say that was a humdinger of a promotion.

— SMVFD —
Fire are the most important thing to the Firefighters and we had a real burner on Tuesday, November 18. Well on its way before the Firefighters were called, they spent over three hours on this one and as some of the "Jokers" on the sideline said... Well, they saved the lot so that they can build again... How true, how true. In that fire we have five firefighters injured and a Police Officer, and there was nothing little about it.

— SMVFD —
It was a fire that just wouldn't stop... Course some of our outside papers really made a nice spread out of it... "Two firefighters near death" and all that jazz, kind of makes the firefighters job a little more spiritual, but it wasn't true... What did happen was a addition gave way and let them down to the ground; but that is what we are trained for and never was anyone in grave danger... But it sounds good to some, so let it be.

— SMVFD —
We are fast coming to the close of the year, and at the present time we have racked up 94 fire suppression calls and about 230

Investor-Owned Paying More

Government - Owned Utilities Not Paying Share

There is no greater inequity or unfair burden in the California taxing structure than "the unjust and discriminatory exemption now enjoyed by customers of government-owned non-taxpaying electric utilities," the State Assembly and Senate Revenue and Tax Committees were told today.

Howard P. Allen, vice president of Southern California Edison Company, appeared before the two committees, meeting in joint session, to voice "support of the principle" embodied in A.B. 1618 of the 1969 session of the California Legislature which would levy an excise tax on government-owned utilities engaged in the electric business, as measured by gross operating revenues from retail sales.

Allen charged that the customers of government-owned electric utilities in the state "are not paying their fair share of the costs of state and local government or schools, and the customers of the investor-owned taxpaying electric utilities are paying more than their share of the costs of these governmental services." He stated:

"Inasmuch as the economic impact of taxes upon electric utilities, whether investor-owned or government-owned, necessarily falls on the customer—a home or a business—the great majority of Californians, the (78 per cent who are) customers of the investor-owned electric utility companies, are paying substantially more toward the cost of government in California than are other Californians, the (22 per cent who are) customers of government-owned electric utilities."

Allen said that if the government-owned electric utilities were to pay the same 14 per cent of their operating revenues to support state and local governments, including schools, as is now being paid by investor-owned electric companies, new tax revenues totalling between \$40 and \$45 million annually would be available.

He said there is "no sound reason" why two like business enterprises should have a different cost of doing business just because the electric bill of one includes taxes and that of the other does not.

The Edison executive noted that one argument used against the equalizing tax

is that government-owned electric utilities already make in-lieu payments.

"The point is," he said, "the entire in-lieu payment goes to the city only, and no payment is made by such a utility to support schools, county government or state government."

"If it makes sense for them to make an in-lieu payment to a city, why doesn't it make in-lieu payments to schools, the state and county?"

Regarding the argument that the government-owned utilities would have to raise rates to pay the excise tax, Allen commented:

"From the information they themselves report to the State Controller, it would appear since they make between 9 and 55 per cent income, or profit after expenses and interest payments, most all could, if they wanted to, pay this 14 per cent excise tax payment without raising their rates."

Allen also commented on the complaint that the proposed excise tax is discriminatory in that it applies only to government-owned electric utilities.

"Rather than being discriminatory," he said, it reduces discrimination because the investor-owned electric utilities are already paying taxes to schools and state and local governments, in addition to special taxing districts. Investor-owned electric utilities still would not pay," he pointed out.

Allen noted that the government-owned electric utilities and their customers receive the same government benefits and services as do the investor-owned companies and their customers. "They use the same county roads, the same state highways, they receive the same police and fire protection, and their children attend public schools, the state colleges and state universities, and yet most do not pay in their electric bills one penny in taxes to support schools, or one penny in property taxes to support county governments, or one penny in state income taxes to support state government," he declared.

Allen described the excise bill as "a simple issue of fairness and equity among taxpayers," he urged its passage "on behalf of 15-plus million people in California served by taxpaying utilities who pay more than their fair share of school, county and state costs."

Thursday, Dec. 4, 1969

SIERRA MADRE NEWS-7

Better Election Results Planned

County Supervisors recently adopted a resolution to enable the Registrar-Recorder to gain better control of precincts in order to assist local news media in making deadlines on elections.

Supervisor Warren Dorn, who earlier had asked Registrar-Recorder Ray Lee to meet with various community newspaper publishers to develop the program, said:

"The County Counsel will now prepare a contract with Computer Election Systems to make the necessary programming changes to better service the local newspapers."

Support Your Hometown Newspaper which has served you almost 60 years of continuous publishing.

Golf Club Tournament Winners Named

Boy Smith, in charge of the golf tournament for the Sierra Madre Golf Club says: "Unlike all the sweepstakes prizes and the 'You may have already won' deals; we will try to be a little different and announce the winners of our prizes for our last tournament."

"First prize turkey went to Barbara and Roger Kelley of 551 Ramona Ave. Second turkey was won by Gay and Al Plank of 655 Ramona Ave."

"We have an exciting tournament schedule for next year and any Sierra Madre Golfers" that are interested see Boy Smith at City Hall."

THE MOST MODERN CONCEPT IN CARPET CLEANING

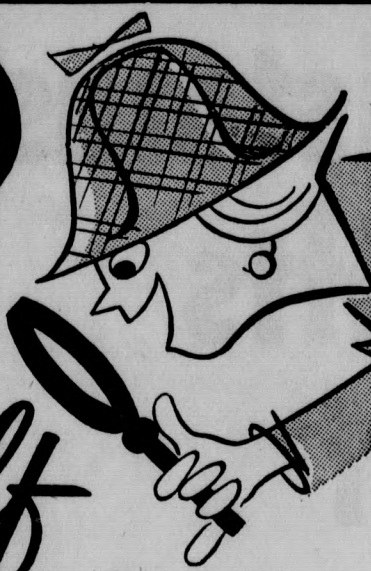

New Steam Clean Process uses wet steam, containing a sudsless emulsifier which penetrates carpet and loosens dirt. While dirt is still in suspension it is immediately extracted, collected in large tanks and dumped down the drain. The New Steam Clean Process of CLEANING carpets in the home is guaranteed safe because it is gentle to the fabric.

Mayor Makes Proclamation

Be it known by these presents that Mr. Bob Bozzani is hereby proclaimed an honorary citizen of the City of Sierra Madre. This proclamation is made in recognition of Mr. Bozzani's unsolicited interest and support of Sierra Madre Day on Saturday, November 29, 1969.

Along with this proclamation goes my personal thanks for Mr. Bozzani's public spirited contribution in providing majestic purple Volkswagens for transportation purposes on the aforementioned Sierra Madre Day.

Arts
Friday, December 12, the Arts and Crafts Department of the Shakespeare Club will meet at Stratford House for beginning and intermediate painting. Mrs. Florence Nagel, director.

Piano
Friday, December 12, the Piano Study Group will meet in Stratford House at 2 p.m. for a special Christmas party with the reading of a Christmas story, Christmas carols and poems by Miss Florence Bixby to be followed by a special party with gifts. Mrs. A. P. Johnston and her committee will be in charge. Mrs. George Burks Goodlander is chairman of the group.

Marion M. Douet, 341 Sturtevant Drive of Sierra Madre recently attended a special seminar held on the campus of Oral Roberts University in Tulsa, Oklahoma.

3 New Employees
Westkamper is appointed to the Director of Public Works position effective January 1, 1970. And the appointment is made at the C step of the position established for this position (\$1265 per month).

Mr. Westkamper presently lives in Pacifica, and works for the Tudor Engineering Company in San Francisco as a senior civil engineer (where he has been since 1963). "Barney," 53, was City Engineer and General Manager of the Water Department of the City of Tulare from 1950 to 1963. Prior to that Mr. Westkamper worked for the City of Delano and the East Bay Utility District in an engineering and administrative capacity.

Westkamper is a registered civil engineer, No. C6653, and a Fellow of the American Society of Civil Engineers. His background in water systems, as well as streets, sewers and other public works functions make him the strongest candidate for this position.

Also recommended by City Administrator Boehm was Susan Beal as secretary to the Parks and Recreation, replacing Naomi Best, who recently resigned. Also at the same time recommended by Chief of Police James Zuercher, was Arthur Hernandez as Patrolman, to take the place of Lee Sims.

All appointments were confirmed by the Council, Westkamper for January 1, Beale and Hernandez, December 1.

Shakespeare Club Luncheon Dec. 11
The annual progressive Christmas luncheon will be held by Shakespeare Club members on Thursday, December 11, Mrs. Douglas Albright, chairman, announced.

Mrs. Douglas Albright, luncheon chairman, was assisted in the plans for the event by Mrs. Dennis G. Flanagan, Mrs. Dale J. Rogers, Mrs. Richard A. Grippi, Mrs. James C. Seley, and Mrs. Richard Kennerkrecht.

Fund Dive PHS

sities. "The Pride of Pasadena High School" Marching Band, will highlight the program.

Dancing to small combos is available aboard the S.S. Catalina, providing the atmosphere of an ocean voyage. Continuous harbor cruises aboard the S.S. Catalina, a newly built, fully enclosed cruise boat with reclining airline seats will give each guest an opportunity to view the holiday sights and sounds of Los Angeles Harbor.

Climax of the evening will be the awarding of the Grand Door Prize, a pair of round trip airline tickets to Hawaii, following which guests will again board the buses for a relaxing ride back to PHS.

Fanfane III is the third annual winter fund raiser sponsored by the PHS Instrumental Music Club, an organization of parents and boosters of the PHS band and orchestra. Fanfane I was held in 1967 to send the PHS band to Dallas, Texas, in order to participate in the Cotton Bowl Parade. Proceeds from Fanfane II were used to augment the band uniform fund. This year's proceeds are earmarked to pay for transportation to parades and competitions (no longer paid by school district funds), to provide instructional aids, and hopefully to further the music program as a whole by providing scholarships to deserving students, and to assist the newly formed city-wide extra-curricular Elementary Instrumental Music Program.

Chairman for Fanfane III is Mrs. George Barnett. President of the PHS IMC is Gene Burt; and band director is Fletcher Y. Rainer III. Ticket information may be obtained by calling Mrs. Barnett at 796-2905.

Day At Races For Delta Gamma

On Tuesday, January 13, the Delta Gamma Alumnae of Pasadena will hold a "Day at the Races" at Santa Anita Clubhouse Patio to benefit the Blind Children's Center, 4120 Marathon St., Los Angeles.

The patio and adjoining lawn area are along the rail at the east end of the Clubhouse, with the patio itself covered and protected from rain. Closed circuit TV is provided for armchair observers, and the wagering room and roped-off private bar area are directly behind the patio.

The party begins at 11, when the guests will be welcomed by President Mrs. Francis Tappaan and Mr. Tappaan and benefit chairman, Mrs. Richard B. Miller and Mr. Miller. The buffet luncheon will offer both roast beef and chicken to satisfy male appetites.

FIRE SIDE

Fire Prevention calls; this is a little more service than the department has seen in the past few years.

—SMVFD—
Some of the Officers predicted that we would go over 100 for the year, and this could still happen, my guess is that we will hit 99 and stop there; you know, just to be obstinate about the whole thing.

—SMVFD—
We are sorry to hear it, but the ticket selling is lagging away behind. On Friday, November 28, we had only received a fraction over 2000 tickets sold and this is certainly a long, long way from the 8000 that was needed for the year's activities.

—SMVFD—
I had several people tell me that there was just too much going on this time of the year that took money and it was driving them to the wall to support all activities. I have had over a dozen of them suggest that we ALSO hold a Firefighters dance during the summer, say about the middle of July.

—SMVFD—
Well, this is something for the boys to chew on for a spell, but it might not be a bad idea to keep their many projects going as they desire. A good suggestion anyway.

—SMVFD—
Tis the 5th of December and the 13th is only 8 days away, so if you do not have your tickets any Firefighters will be glad to slip you a few at a buck apiece. And all you people who have not sent in your envelopes, please do so as soon as possible, or if downtown, leave them at the Sierra Madre News Office, they will channel them in the right direction.

Drive with reason this holiday season. You may be giving someone their life. The Greater Los Angeles Safety Council says you can't give a more appreciated gift.

As Hank Ives Sees It

THE PASADENA BOWL... The Pasadena Jaycees finally uncovered a team with "guts" enough to play the big, bad San Diego States in the Rose Bowl Saturday afternoon. Boston University said "yes" when invited to play in the Pasadena Bowl, after such nationally known powerhouses as Utah, Florida State, Arizona State, Memphis State and probably LSU had said "no dice."

It just wouldn't be proper for those schools to come to Pasadena and take a chance on getting their lumps from the Aztecs. And from what I have seen of the Aztecs, they might be able to outscore USC. Only in the fearsome front five would the Trojans have much of an advantage over San Diego State.

BUT BACK TO BOSTON. The Terriers present a complete unknown quantity. However, the game features a true East versus West matchup and only time will tell what type of football the Beantowners play. We have often wondered how the Ivy League teams would fare with tough major league competition. While Boston is not an Ivy League team, their schedule was loaded with schools that met the Dartmouths and Yales. Boston did not suffer in comparison.

FROM ALL REPORTS Boston has a rugged defensive squad and a pretty fair ground game. The Aztecs show a formidable passing attack that should be more than a challenge for BU's heralded safety Bruce Taylor.

FOR THREE YEARS since the junior colleges left the Jr. Rose Bowl scene, the local sponsors have had problems lining up two teams that appeared to be of equal talent. West Texas State with Mercury Morris was obviously superior to Valley State. Grambling far outclassed Sacramento State last year. Saturday's clash appears to be more of the same with San Diego State potentially three or four TD's better than Boston.

BUT REMEMBER ONE THING — It's the first Saturday in December. That means football action in the Rose Bowl with all of the attendant color and fun. It's Jr. Rose Bowl — Pasadena Bowl time and the eyes of the nation's football fans are focused on the Crown City.

IF BACKED INTO A CORNER and forced to make a prediction (you know how bashful Old Hankus is in this respect) he would predict a SAN DIEGO

STATE 42, BOSTON 14 score.

WHAT A SHAME the ugly eligibility problem came up on the Pasadena City College campus. Just when we were shouting the Lancer praises Bakersfield (of all people) forced the eligibility issue and will now represent the Metropolitan Conference in the State playoffs. The Lancers pulled a "no-no." They beat the Renegades in Bakersfield. Would you believe that Bakersfield also caused Long Beach to forfeit several games.

WE ARE NOT endorsing the use of ineligible players. Good grief, Harvey Hyde and Myron Tarkanian should have known Dennis Sallas played the season at Hawaii in '67. Weren't they the coaches there at the time? The point is — the players eligibility had long been O.K. until the season all over and Pasadena had defeated Bakersfield. Why can't eligibility problems be ironed out BEFORE the season actually gets underway? If there is a question about a player, don't let him participate until it is worked out. End of soap box drama.

HANKUS has been shouting the praises of BLAIR HIGH all season and sticks to his guns in predicting the Vikings will be CIF champs. There will be many others agreeing since Blair's smashing 44-19 win over Santa Monica. Pete Yoder's lads should handle Lakewood easily Friday night and then defeat either Bishop Amat or Anaheim, and Hankus leans toward the latter, for the CIF title.

PREDICTING THE GRID CONTESTS last weekend was "duck soup" for fearless Hankus. He correctly tabbed 15 out of 17 winners to give him a 172-48.4 season's log good for 78.2 per cent.

Bake Goods

for the school and Day Care Center. For the past months Mesdames Stuart Knight, Bill Bunker, Martin Sari, Ted Dammeier, Ron Reese and Karl Kurzweil have been busy organizing weekly workshops in the Parish House and their creativity promises to stir the imagination of all who visit the three day boutique.

Wins T.V.

go into the stores to receive these tickets. However in the count one local man turned in 648 tickets all stamped with a rubber stamp, which proves it does not take a lot to be a winner, just one.

Raymond Andrews

Arboretum in Arcadia. He belonged to the American Institute of Electric and Electronic Engineers and was a member of the Los Angeles Electric Club. He was a member of the parish of All Saints Church in Pasadena. He served the Alamitos Bay Yacht Club as race committee chairman for many years. He was a member of the Mr. and Mrs. Dinner Club of Pasadena.

Mr. Andrews is survived by his wife, Loraine, and three children: Raymond Andrews Jr. with his children Michelle, Julie Rae, Wendy and Raymond III; Mrs. William Markhoff (Patricia), with children Katherine, Daniel and Barbara; Mrs. Robert Burhenn (Regina), whose children are Thomas and Carolyn.

Services will be private with interment in the family plot in the San Gabriel Cemetery.

Bob Bozzani

Majuber which is a warm friendly orange color, create an immediate awareness of something interesting and good about to happen.

Using a bottle of Majuber-juice, entwined in purple and orange ribbons, Patty Collins, Jazzbeaux beautiful wife, christened the Volkswagen "Numero Uno Majuber-wagen" and the keys were presented to Jazzbeaux by Bob Bozzani.

Mayor Robert "Bud" Hartman, of Sierra Madre, certified that Bob Bozzani was duly recognized as an honorary citizen and proclaimed him naturalized as such. All the people in attendance were sworn in as loyal Majubers, by Jazzbeaux, declaring, "I don't got to show you no stinking badges" — and the ceremonies were hilariously concluded.

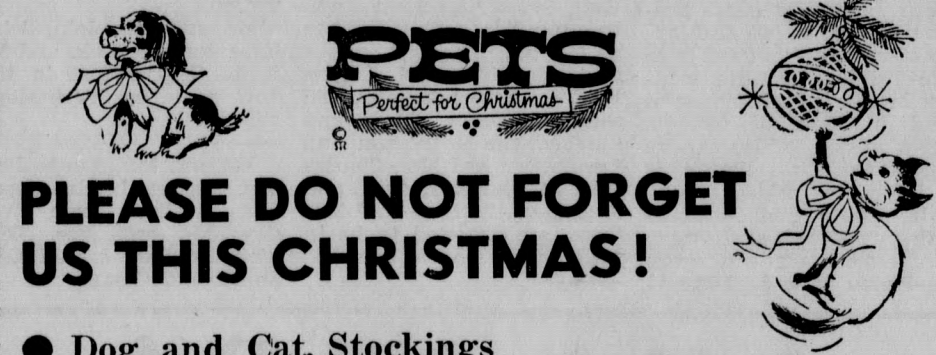

Those missing the ceremonies and the colorful Majuber-wagen will be able to see Al Jazzbeaux Collins in the Monrovia Day Parade.

Christmas is a Great Day to Take Pictures!

Do you remember how your children looked last Christmas? The toys they received... their starry-eyed expressions... all those happy times around the tree? This year there's one way to save your Christmas... in pictures! Just check your Christmas list and see how well a Kodak Instamatic Camera goes with any name on it. And put a Kodak gift on your own list, too! Then you can save all the fun of Christmas so that next year you won't forget. Drop in and do your Christmas shopping here—for the Kodak gifts that give happily ever after!

Garden Club To Hold Yuletide Festive Dinner

The Yuletide festive dinner meeting of the Sierra Madre Garden Club is scheduled for 6:30 p.m. on Monday, December 8 at the Woman's Club house.

At 8 p.m., Mr. Chester Ulom, director of music for Monrovia High School will present a musical program with his outstanding Monrovia High School Concert Choir. This fine choral group will sing Fred Warling's "The Night Before Christmas" and a number of carols from other countries.

The Garden Club welcomes friends and interested persons to new membership. Those unable to attend the dinner may join the group for the musical program at 8 p.m.

Dinner reservations are available, call Mrs. Marion Peterson, 355-6849 prior to Friday, December 5.

Fire claimed 700 lives in December 1968, says the Greater Los Angeles Chapter National Safety Council. Check your Christmas tree lights for frayed wiring.

Third Birthday For L.A. Zoo

Three candles and one to grow on will crown a huge birthday cake celebrating the Los Angeles Zoo's third anniversary Friday, November 28, starting at 10 a.m.

Hopefully, an enormous package wrapped in ribbon will have arrived from India in time for the party. This special gift to the Zoo is a rare Indian rhinoceros being presented by the Greater Los Angeles Zoo Association.

\$2 1/4-Million From Films

The state has distributed \$2,299,669 among 27 cities, counties and other local agencies in lieu of property taxes formerly collected on assessments based on the intangible value of motion picture films. State Controller Houston I. Fluornoy announced recently.

It was the first such payment made under 1968 legislation which limited local government agency property tax assessments on motion pictures to the cash value of only the tangible materials upon which such motion pictures are recorded.

CARROT TOP

The biggest thing that all of us can pray for is a fairly dry season, or that the rainfall will be spaced out over a period of time. Continuous rainfall for several days and then a gusher, something like a couple of inches in an hour will put us in trouble, but on the other hand ten inches over a period of say three or four weeks will be taken care of by the channel. When it patters on your roof for several days and you are then made aware of a heavy downfall, better start moving around and getting ready.

— CT —
Your City Council, Police, Fire and Volunteer organizations are pre-planning and they will be ready to move in matter of minutes; let's hope that you are in the same condition when, and if, the time ever arrives.

— CT —
I really hate to bring up this subject, but if you have not as yet paid your Personal Property Tax, you must do it now, it will be come delinquent next Wednesday, December 10, just as sure as shootin', and penalties will be added.

— CT —
This year is the tallest tax rate that Sierra Madreans have ever had to pay, but relax and fully enjoy it for it will never be this low again for quite some years regardless of any and all tax reforms.

— CT —
Not even taking into consideration the possibility of the Taxing Agencies for the next year you automatically have 99c added per \$100 valuation for the tax over ride that was given the Pasadena Unified School District this year.

— CT —
This year's tax rate is \$11.2630 per \$100 valuation. Should the County, the City do the same thing for 70-71 as they did this year you can expect a rate of now lower than a rate of \$12.65 per \$100 valuation. Now add to this a general increase in the school rate and the unpredictable increase in the water agencies and we will be looking closely to a \$13.00 rate or close to 15 per cent increase in your tax bill.

— CT —
The kind of tax reform that we are getting seems to me to be a laugh, all that they gave us last year actually save us nothing. The agencies all raised their requirements, but on the other hand most of us did not get a raise and that is thankful. I hope, I hope, I hope.

Know THE FOOD

You Eat

by JEANNETTE

EDITOR'S NOTE: When her children were young and full of questions, Jeannette Hoesley found herself looking up the why for the food her children ate and asked questions about. She would write them down and after explaining them to the satisfaction of her children, filed them away for future questions. Now that her children are grown, she extracted them from the Hoesley Archives and is sharing them with you in a weekly column.

Now that the holiday season is upon us it is time to think of inviting our friends and relatives for a festive party. Might be fun and a change from the usual kind of party to include the children and carry out a Mexican theme.

Mexican food is familiar to most of us in this area, but many say they do not care for this type of food. However, if made at home we can be a bit more careful with the seasonings and the end results are delicious.

Mexican food is a fascinating combination of Spanish and Aztec which makes use of foods which are native to America. Beans, corn, tomatoes, avocados, and pumpkin are used extensively. Also used are rice, almonds, and olives. Chicken and sea food dishes are popular.

The most typical dishes of all the native Mexican dishes are those made with "masa", which is corn kernels soaked in lime water, then ground to a meal. These include "tortillas", "tamales", "tacos", "enchiladas", and "tostadas". The names of these vary in different parts of Mexico so that even the Mexicans disagree as to just exactly what constitutes a "tostada", an "enchilada", etc. Sometimes these native Mexican dishes are grouped together under the term "antojitos" or "little whims".

"Tortillas" are known in Mexico as bread. These can be made with flour or corn. "Tostadas" were originally "tortillas" that were fried or toasted until crisp. Now the word means a number of different things depending upon which part of Mexico you are in. Usually they are whole "tortillas" fried until crisp and covered with various meats, cheese and vegetables. When they are cut into quarters or eighths they are called "tostaditas", "tostadas" or "totopos". "Enchiladas" are stuffed "Tortillas". They are filled with meat, poultry or seafood or cheese, and are rolled or folded. "Tacos" are fried filled "tortillas". "Tamales" are made of a cornmeal dough which is spread on corn husks, which is then spread with a filling, rolled and steamed.

"Prijoles" are Mexican beans which are just as important as "tortillas". These are the Mexican pink or pin-to beans which are cooked

with cuminseed, garlic, and bacon fat. These may be served immediately with a little chopped red pepper or may be left cool and fried later.

Chili Con Carne is a dish that is as old as the Aztec civilization in Mexico. Literally this means "Chili with meat". The chili is minced red chili pepper or chili powder.

Mexican ingredients can usually be found in our local markets, but if they aren't available we can substitute. Chiles (chili peppers) are dried Mexican

chilis, and if not available green peppers or canned pimientos can be used. Cilantro (Coriander) is used fresh like parsley but the seeds can be used. Jack cheese is used in Mexican cookery, but a mild Cheddar can be substituted. Chili Powder is a blend of dried ground chili pepper pods blended with cuminseed and oregano. In addition garlic, loves,

INVESTORS SAVINGS SALUTES THE SIERRA MADRE COMMUNITY HOSPITAL AUXILIARY And Their Candy Strippers

We listened with great interest and were amazed when Mrs. Russell (Irene) Delahooke, President of the Sierra Madre Community Hospital Auxiliary, told us that they have 112 Volunteers in their organization, who have, already this year, served 31,887 hours . . . Isn't this marvelous?

Also we learned that they have a junior division who are called the Candy Strippers, who were organized in the year 1962 and today has a total of 22 members. These young girls work after school and on weekends and have so far this year donated 2,715 hours. Isn't that wonderful?

The Auxiliary has fund drives to raise money to purchase items for the hospital. Their main event is "Day at the Races" in January. They also hold Valentine Bridge Party, Rummage Sale in November and Christmas open house. Some of the things that they have purchased for the Hospital include: a complete central air-conditioning unit, surgical stools, isolette, Coronary Care beds, refrigerator for medications at nurses' station, outdoor patio furniture, Cardiscope, Birtcher heart pacer and a defibrillator.

The Candy Strippers too have little money-making drives and from the money that they have raised they purchased many items for the hospital. Their current project to the purchase of new bedside tables for the hospital rooms.

The Hospital Auxiliary was started in the year 1961 with but 8 members. Mrs. Robert Summers was the first President, and Presidents really have a tough schedule; Mrs. Delahooke has served over 1300 hours of service.

or allspice may be used. The blend depends on the manufacturer.

In Mexico there are two kinds of soup, liquid and dry. The dry soups are like our casseroles. The Mexicans like a salad of mixed greens, although they also have compound salads, such as potato with sardines; squash with onion; asparagus with beets. Also cauliflower, ham and avocado; and oranges combined with cucumbers and peppers. Rather unusual combinations but good.

"Colache" is a favorite vegetable dish and goes back to Aztec days. This is made with onions, green beans, green pepper, summer squash or zucchini, tomatoes and ears of corn.

You might like to try a couple of dishes that are served in Mexico at Christmas time. One is "Menudo", which is traditionally served in Sonora on Christmas or New Year's Eve. This is made with tripe, veal, garlic, onion, coriander, chili powder, hominy and lemon and is served in soup dishes.

Another tradition is to serve "Ensalada De Noche Buena", which is "Christmas

Eve Salad". This is slices of cooked beets, red apples, pineapple, oranges, bananas, roasted peanuts, and pomegranate seeds, arranged on a bed of lettuce, and sprinkled with sugar.

For desert you could serve "Churros" which came to Mexico from Spain. These are made with a cream puff paste squeezed from a pastry tube into hot fat, fried until brown and sprinkled with powdered sugar. If you are more ambitious you might make some "Empanadas de Dulce" which are sweet Mexican fruit filled turnovers which can be baked or fried.

This Mexican dinner would not be complete if you didn't serve "Chocolate Mexicano", (Mexican Chocolate). This is native to America, and is made in Mexico from a sweetened chocolate, flavored with the vanilla bean, spiced with cinnamon, and foamed at the table in a picturesque earthen jug, with a "molinillo" or little wooden mill that is twirled rapidly between the palms of the hands.

The Food You Eat

Sensing . . .

the courts are ruling in ways alien to the desires and best interests of the American people. They are ruling against the spirit of the U. S. Constitution. It is time that the federal judiciary reappraise its thinking about public education in the United States. If a sound and thoughtful reappraisal is made, there won't be any more "at once" declarations by the Supreme Court.

Sirens To Blow Friday 10 A.M.

Civil defense sirens will be sounded tomorrow, Friday, November 28, at 10 a.m. in a combined test of the warning systems of the city and County of Los Angeles, Sheriff Peter J. Pitchess announced.

As is customary with the month-end test, said Pitchess, the sirens will be heard for one minute in the familiar undulating tone. The sirens would be sounded in this same sound pattern for from three to five minutes in the event of an actual enemy attack, he added.

Attend the church of your choice every Sunday.

Medical Benefits For War Vets

New medical benefits for service-disabled war veterans have been authorized according to Mort Webster of VA's Southern California Regional Office.

Webster said that veterans who are totally and permanently disabled from service-connected causes can now receive out-patient care at Veterans Administration clinics for non service-connected conditions as well as for their service-connected conditions.

He explained that outpatient care has, in the past, been available only for medical conditions that were service related.

The new rules authorized in Public Law 91-102, dated October 30, 1969, entitle the war veteran in service-connected total disability status to medical care without the need for investigation as to the exact relation of a particular condition and the service-connected disability, Webster explained.

In 1968 on Christmas Day 355 persons died in traffic accidents, says the Greater Los Angeles Chapter - National Safety Council. 12,000 more suffered disabling injuries.

Philanthropy Department Starts Work

The Yuletide Holiday season for the Philanthropy Department of the Shakespear Club will start at 12 noon on December 11 in the Stratford House. Punch bowls, followed by lunch, and bridge will complete the festive day.

Mrs. Idelle E. Sundquist, Bridge Section chairman, and Mrs. Arthur E. Eggert, Sports Section chairman, are in charge of all the arrangements.

Among the honored guests will be Mrs. Walter L. Benedict, club president, Mrs. Alfred C. Allig, vice president and Mrs. John R. Vidic, Philanthropy Department director.

The halls will be decked with vix and the tables will be decorated with poinsettias for the festive occasion.

City Gets \$64.19 Tax Rebate

Member Richard Nevins, who represents Southern California, announced recently that the State Board of Equalization is refunding \$415,641 saved in its administrative cost of the 1 percent cities' and counties' sales and use tax.

Sierra Madre's rebate was \$64.19. The total ranged from \$67,895 for the city of Los Angeles to 54 cents for Hidden Hills, also in that county.

Southern California received 59 per cent of the \$415,641 included in regular November payments to 400 cities and 58 counties.

The total represents an administrative cost of \$1.13 for each \$100 of revenue collected for the cities and counties compared to \$1.23 last year.

Las Jardineras To Meet Dec. 2

Mrs. Paul Nurches, president of Las Jardineras Garden Club of Lower Hastings Ranch, will preside at the December 2nd luncheon meeting at the home of Mrs. Peter Hurtig on Landfair Road with Mrs. Paul McGiven and Mrs. Horace Ray, co-hostesses.

Mrs. A. G. Devirian, program chairman will introduce Mrs. Adell Stone, guest speaker. Her program is entitled, "Do You Put Your Flowers on the Wall?" Mrs. Stone will present part of her collection of stitchery applique to the members and their guests. She won sweepstakes and several ribbons for her beautiful stitchery applique at the Arcadia Library Exhibit.

For the Garden Club she has completed a new hanging copied from Garden Flowers. The members will have a premiere showing before putting hangings on exhibition. Her program will conclude with a group of Christmas legends done in stitchery for the holiday season.

IRS Director To Speak At Lunch

Frank S. Schmidt, district director of the Internal Revenue Service, will be the featured speaker at the Tax Seminar to be sponsored on December 2 by the Pasadena Chamber of Commerce and Civic Association. Schmidt will speak at a noon luncheon on "You and the Internal Revenue Service."

Reservations for the seminar, at a cost of \$8, including lunch, can be made by contacting the Chamber, 795-3355. Harris pointed out that reservations are limited.

First Western Bank Sends Out Christmas Checks

Christmas Club checks totaling \$3,817,747 have been mailed from First Western Bank's 93 California offices, according to Stafford Grady, chairman and president of the statewide bank.

The bank had 16,216 customers who participated in Christmas Club this year, Grady said, adding that 1970 savers should sign up during the next weeks, in order to earn full interest for the year.

One person out of every 46 people in the United States was disabled for one or more days by home accident injuries in 1968, says the Greater Los Angeles Chapter - National Safety Council. What's your number?

\$250 Million Bond Issue Coming Up

Having been notified that the Los Angeles County Flood District will place on the ballot for the next general election a \$250-Million bond issue for storm drain work throughout the county and that Sierra Madre's portion would be \$115,000. The Council was asked to prepare priority projects to be included but not to exceed the specified amount.

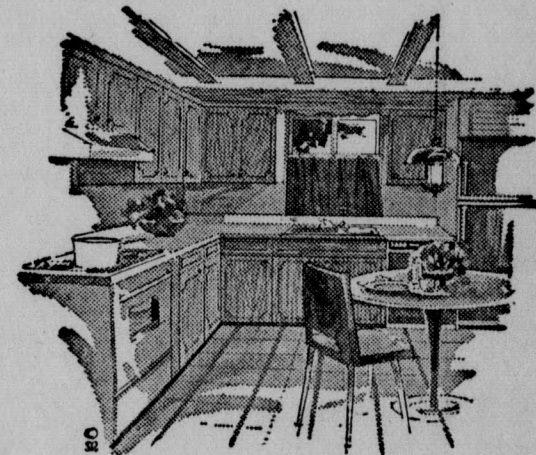

The Council approved the projects and sent the information to the Flood Control Office for further processing.

Pasadena DA's Office To Host Open House

Dist. Atty. Evelle J. Younger will host a Christmas open house at the Pasadena District Attorney's Branch Office, 329 East Colorado Boulevard, on Wednesday, December 3 at 9 a.m., according to Dep. Dist. Atty. Evan Lewis, who heads the office.

Expected to attend are employees of the Pasadena office and the Glendale Area Office and civic officials from the communities served by the two offices. Similar open houses will take place at other branch offices scattered throughout the county.

Wild extension telephones available for single party service on phone numbers beginning with 351, 355, 356, 357, 358, 359.

LDS To Hold Bazaar Dec. 5

A re-creation of Brigham Young Square in pioneer Salt Lake City will be the setting for the bazaar presented by the East Pasadena Ward of the Church of Jesus Christ of Latter-day Saints on Friday, December 5, at the Pasadena Stake Center, 770 N. Sierra Madre Villa. Dinner for the whole family will be served at 6 p.m. and will include fried chicken, baked beans, salads, and homemade bread, ice cream and root beer. Bazaar items will be on sale throughout the evening.

Featured in the Square will be a general store, a children's shop, a Christmas shop, a yardage shop, and a homemade baked goods shop. Some of the many hand-made items to be sold are quilts, embroidered pillowcases and dish towels, aprons, baby clothes, robes, tote bags, tablecloths, Christmas centerpieces, and novelty-packaged Christmas baked goods.

Highlight of the evening will be the auctioning of a pedigree (with papers) Pekinese dog.

Mrs. Howard S. Gates is president of the Ward Relief Society which will benefit from the sale. Mrs. Henry Marcheschi is chairman of the bazaar and Mrs. Jack Salloway is the work director.

Watch Parade On T.V. Channel 5

Plans for this year's "Fabulous Christmas Lane Parade" on Saturday, December 6, are now well advanced, according to Wayne Richards and Richard L. MacMurray, co-chairmen for the event which is sponsored by the Huntington Park Jaycees in cooperation with the City.

Theme of the pageant this year is "Visions of Christmas." The parade will be telecast, live and in color, over KTLA Channel 5 starting at 7 p.m. Once again the parade will be uninter-

Sermon Lesson For Sun., Dec. 7

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon read this Sunday in all Christian Science churches. The public is welcome. This verse from Psalms is part of the lesson: "O come, let us worship and bow down: let us kneel before the Lord our maker."

The following correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is also part of the sermon: "The real man is spiritual and immortal, but the mortal and imperfect so-called 'children of men' are counterfeitments from the beginning, to be laid aside for the pure reality."

Boys Republic To Hold Luncheon

Setting for the Pasadena Auxiliary of Boys Republic Annual Christmas Luncheon will be at the Brookside Park Club House in Pasadena on December 9, at 12:30 p.m. Presiding over the event will be the Auxiliary President Mrs. Kurt Schiller, assisted by Mrs. Robert Williams and Mrs. Robert Henderson.

The "Mediterranean Room" of the Clubhouse will be gala with Christmas decor, according to Mrs. Max Colwell, hospitality chairman.

Four new members who have successfully completed their provisional requirements will be introduced by Mrs. Ralph Deuwer, membership chairman. They are Mrs. Donald Coye, Mrs. Paul Nakaoka, Mrs. Joseph Stern, and Mrs. R. C. Heller.

Prospective provisionals invited to the luncheon include Mrs. Mel S. Glenn, Mrs. Robert Allen, Mrs. Walter Hertzog and Mrs. Lyle Hoffman.

The following members of the Pasadena Auxiliary of Boys Republic are from the Sierra Madre area: Mrs. James F. Abernethy, Mrs. Robert D. Henderson, Mrs. Russell S. Hollowell, Mrs. Barney Huber, Mrs. Eugene I. Malone, Mrs. William W. Maloney, Mrs. Christopher P. Robertson and Mrs. Martin Stornie.

S & R Team Locates Missing Boy

Fourteen members of the Sierra Madre Search and Rescue team, under the direction of operations leader Ray Lorenzini, located a missing 13 year old Baldwin Park boy on Friday night, November 28, after he had become separated from his hiking companions.

Frank Olinger, 4117 North Jerry, Baldwin Park had been hiking with Tracy Ellis, 13 of 4092 Frazier, Baldwin Park and Eddie Decker, 13, 4614 N. Merced, Baldwin Park in the Sierra Madre Wilderness area along the Mt. Wilson Trail. The three boys made the trail junction with the Mt. Wilson Toll Road but young Olinger remained behind as the other two finished the hike to the Mt. Wilson Pavilion. The time was 1 p.m. and approximately 1:30 p.m. Frank met up with four other boys from whom he asked directions back to Sierra Madre.

The directions he received were wrong and after the two other boys had returned at six p.m. and Frank was not there, the police were notified and the rescue team responded. The team dispatched crews to establish the return route of the Olinger boy. At 7:30 p.m. Arcadia Police phoned to report that they had picked the boy up at Santa Anita Avenue and Grandview. He had hiked some 8 1/2 miles down the Big Santa Anita Ridge into Stonehouse canyon and made his way to Grandview, where a resident directed him to Santa Anita Avenue. The crews were then called back and returned to the rescue room by 9 p.m. when the operation was secured.

The purpose of the Newcomers is to provide new residents with the opportunity to meet other new residents, to participate in activities they enjoy, and to become more familiar with the area. This growing organization now numbers 126 members.

December accident deaths in 1968 reached 10,300 in the U. S., says the Greater Los Angeles Chapter - National Safety Council. Top killer was motor vehicle accidents, responsible for 4,790 of the total. December accidents injured 170,000.

Shakespeare Club Meets Fri., Dec. 5

Friday, December 5, at 10 a.m. the Poetry and Creative Writing Department of the Shakespeare Club will meet in Stratford House for a very special occasion for guest speaker will be nationally known poet, author, editor, critic, teacher and platform artist Mrs. Jean Burden. Mrs. William Muehlberger, director of the department will be in charge of the meeting.

Following the Poetry department meeting the Shakespeare Department for lunch at 11:30; members to bring their own sandwich and coffee and dessert will be served by Miss Elizabeth Flint and Miss Lila Hubbell.

At 12:15 the Shakespeare Department, under the direction of Mrs. Austin B. Fernald, director will conclude the study and reading of "King John."

Singing Program For Newcomers

The Chanteurs, a well known singing group from the Arcadia High School, will present a program for the Sierra Madre-Arcadia Newcomers at their December luncheon meeting. The date of the luncheon is Tuesday, December 8, and it will be held in the Mendocino Room of the Altadena Country Club.

The social hour will begin at 11 a.m. and luncheon will be served at noon. The cost of the luncheon is \$2.25. Guests are welcome and both members and guests are asked to bring a \$1 wrapped gift for a Christmas gift exchange. Reservations close on Friday, December 5th and may be made by calling Mrs. Arthur Anderson, 355-0697. A baby sitting service is available and for information on this call Mrs. Thomas Pedersen, 356-1703.

Sunday morning when the citizens awoke, the city was as clean as a pin, in fact, it was much cleaner than the Majubers found it when they arrived on Saturday morning. Thanks, Jazzbeaux and the staff of KFI. It was a job well done.

Rev. Armin Hesse Announces His Sunday Topic

"Stirred Up for Christ's Coming — in the Clouds" will be the pulpit theme of the Rev. Armin Hesse in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. The pastoral message will center on Revelation 1:4-8. "The Te Deum Laudamus" will be chanted by the Senior Choir as the Call to Worship.

At 9:15, time will be devoted by the Sunday school departments in preparation for the Christmas Eve service. A rehearsal will also be conducted from 10 to 12 on Saturday forenoon by Mr. Jerry Nielsen.

The sermon theme in next Wednesday evening's 7:30 Midweek Advent service will be "Isaiah's Pen-Picture of the Nativity," centering on another prophecy concerning Christ by the Evangelist of the Old Testament.

Also scheduled for next week: Junior Choir on Tuesday night at 7:30; young people of the Walther League tutoring at the El Calvario Community Center in El Monte on Tuesday night; Junior confirmation classes for grades 7 and 8 on Wednesday afternoon at 4; Sanctuary Improvement Committee meeting on Wednesday evening at 8; elementary school-age Good News and Pioneers club on Thursday afternoon at 3:30; and Senior Choir rehearsal on Thursday night at 8.

On Saturday of this week the J-Y's (grades 6 & 7) will have a Sport Day on the church premises from 1 to 3:30, and the Junior Walther Leaguers (grades 8 and 9), will go miniature golfing from 5:30 to 8.

The Ladies Christmas party will be held on Monday night, December 8, at 6:45. Reservations may be made by calling 356-1342.

Faith Promise Sunday At Bethany Church

On Sunday, December 7, Bethany will again offer opportunity for its members and friends to undergird financially the work of the ministry by submitting a Faith Promise at either one of the Worship Services.

Pastor Vander Zaag states that "having begun the Faith Promise Program in June 1969, we have found it highly successful in supporting the ministry of Bethany Church. It has proved to be very helpful to individuals and families who have experienced the blessings of systematizing their giving, and it has helped us to realize the importance of committing ourselves by faith to the work of the Lord."

Faith Promise is not a pledge. No signature is asked. It is asked that each person estimate the amount he will be giving each week plus any amount he is willing to trust God to supply and submit this to the church. By doing this the church budget committee has a realistic amount of money to which they can commit the church in areas of general fund and missionary giving. We were thrilled to report that missionary giving in 1969 has been approximately \$42,000.

A faith promise is so constructed that if your financial circumstances change, and you have to amend your giving, you need notify no one, nor will any reminder ever be sent to you, inasmuch as we did not keep a record of specific amounts promised by specific individuals.

A communion service will be held at the 7 p.m. meeting. Pastor Vander Zaag will be speaking at the 11 a.m. worship service.

Bethany Adults' Christmas Parties

The adult classes at Bethany are busy planning their Christmas get-togethers. The Mariners, the 50-60's will have a Christmas social on Friday, December 5 at 6:45 p.m. The Voyagers, approximately 40-50, have set their night for Friday, December 19 at 6:45 p.m. The Prospectors, 30-40 years of age, will have a progressive dinner on Friday, December 12, at 7 p.m.

The Adelpheans, new married class, plan a night together on Saturday, December 20 at 6:30 p.m. Jet cadets made up of 4th, 5th and 6th graders will have a skate outing on Saturday, December 13, at 1 p.m. A Junior High Pizza Party is being planned for December 20, Saturday at 7 p.m. Other dates will be forthcoming shortly.

1969 began with a bang, says the Greater Los Angeles Chapter-National Safety Council. On New Year's Day 260 traffic fatalities occurred and 9,000 persons suffered injuries.

Senior Citizens Met Sat. At Com. Center

The Senior Club met in the Wisteria Room at the new Recreation Center where members of the Teen Club served them delicious pan cakes, sausages, juice and coffee. Guests introduced were, Edra Thorson, Frances Gardner's cousin, Myra Alterfer from Encino.

The December coffee committee is Frances Gardner and Lurena Craig. Flora Anderson will have charge of the ice cream and cookies (home made) for the Christmas Party, December 20. Molly McKim will take charge of the exchanging of Christmas gifts.

After the meeting adjourned, some of the members walked down the avenue, they tried to open the pad lock on the chain that surrounded the trunk, none of them were successful. They listened to the Rock and Roll Band, watched the Western Women shoot the shot guns and watched the karate fighters by the Park House.

The group were at the awarding of the prizes in front of the Sierra Madre News office for the radio and TV set. They attended the movie, "The Treasure of Sierra Madre." It was quite a day for the oldsters, but they enjoyed every minute of it.

Rev. Anderson Announces His Sunday Sermon

The Rev. Richard J. Anderson, of Sierra Madre Congregational Church, 170 W. Sierra Madre Blvd., will have as his sermon topic Sunday at 11 a.m. "Old Testament Expectations."

In commenting on his sermon says: "There is an unmistakable expectation running through the Old Testament. This expectation, like a suspense novel, builds toward a climax but fulfillment never materializes. When you reach Malachi you are left in suspense, still waiting, still looking for the promised one from God."

"After four hundred years of silence a desert man clothed in camel's hair attracted the attention of all Palestine when as a voice crying in the wilderness he pointed to a son of David: 'Look here comes the Lamb of God who will take away the sins of the world.' Fulfillment had come at last."

Attend the church of your choice every Sunday.

LEGAL NOTICE

SIERRA MADRE NEWS
SPS T2155
NOTICE OF
TRUSTEE'S SALE
Foreclosure No. 8969-21884

On December 18, 1969, at 11:00 A.M. FIRST BRENTWOOD CORPORATION as duly appointed Trustee under and pursuant to Deed of Trust dated May 3, 1966, executed by SAMUEL R. ROUSE and MARY M. ROUSE, husband and wife and recorded June 7, 1966, in Book T 5810, page 514, of Official Records in the office of the County Recorder of Los Angeles County, California, WILL SELL AT PUBLIC AUCTION TO HIGHEST BIDDER FOR CASH (payable at time of sale in full money of the United States) at the West entrance of Brentwood Savings and Loan Association, 110 East Ninth Street, Los Angeles, California, all right, title and interest conveyed to and now held by it under said Deed of Trust, in the property situated in said County and State described as:

Lots 3 and 4, except the east without covenant or warranty, 15 feet of said lot 4, or Replat of Grandview Tract as per map recorded in Book 7, Page 139 of Maps, in the office of the County Recorder of said county.

Said sale will be made, but express or implied, regarding title, possession, or encumbrances, to pay the unpaid principal balance of the note secured by said Deed of Trust, to-wit: \$25,113.56, with interest from March 20, 1969, as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trustee created by said Deed of Trust.

The beneficiary under said Deed of Trust, in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter, on August 13, 1969, the undersigned caused said notice of breach and of election to be recorded in Book M 2729, page 151, of said Official Records.

FIRST BRENTWOOD CORPORATION, as said Trustee, under and pursuant to Deed of Trust, dated April 24, 1964, executed by RAMON LOPEZ, a single man, and recorded May 19, 1964, in Book T 3688, Page 678, of Official Records in the office of the County Recorder of Los Angeles County, California.

NOTICE TO PERSONS
INTERESTED IN
The Estate of
VICTOR H. LAGERQUIST,
deceased

Notice is hereby given: To all persons interested, whether as heirs, legatees, or devisees, in the estate of VICTOR H. LAGERQUIST, deceased, whose last address was Hamilton, Montana 59840 that letters testamentary have been issued to GEORGE O. LAGERQUIST and NANCY Z. LAGERQUIST, by the District Court of the Fourth Judicial District, a court of competent jurisdiction of the State of Montana.

That the following person is indebted to or holds a claim against the estate of the said decedent: California Federal Savings and Loan Association, P.O. Box 2193, Los Angeles City, Los Angeles County, California 90034.

That the undersigned desires to receive the said personal property or collect the claim(s) and to remove that collected or received from the State of California to the said state where letters testamentary or of administration have been issued.

All persons having claims against the decedent or an interest in said estate wishing to object to such removal must give written notice of such objection to the person or persons indebted to, or holding personal property of, the decedent. Such notice must be given to the person holding the personal property or against whom the claim is made at the address as listed above within:

30 DAYS after first publication of this notice.

NOTICE TO PERSONS
INTERESTED IN
The Estate of
VICTOR H. LAGERQUIST,
deceased

Notice is hereby given: To all persons interested, whether as heirs, legatees, or devisees, in the estate of VICTOR H. LAGERQUIST, deceased, whose last address was Hamilton, Montana 59840 that letters testamentary have been issued to GEORGE O. LAGERQUIST and NANCY Z. LAGERQUIST, by the District Court of the Fourth Judicial District, a court of competent jurisdiction of the State of Montana.

That the following person is indebted to or holds a claim against the estate of the said decedent: California Federal Savings and Loan Association, P.O. Box 2193, Los Angeles City, Los Angeles County, California 90034.

That the undersigned desires to receive the said personal property or collect the claim(s) and to remove that collected or received from the State of California to the said state where letters testamentary or of administration have been issued.

All persons having claims against the decedent or an interest in said estate wishing to object to such removal must give written notice of such objection to the person or persons indebted to, or holding personal property of, the decedent. Such notice must be given to the person holding the personal property or against whom the claim is made at the address as listed above within:

30 DAYS after first publication of this notice.

DATED: November 6, 1969.

Editorially.. Speaking Law Mania

At one time or another, most of us are guilty of venting our displeasure with a situation by crying "there ought to be a law." And so there are laws — mountains of them. Many of them are unenforceable, impracticable or unnecessarily oppressive. But, as a general rule, once it is passed, a law stays on the books for all time. This is because when we say "there ought to be a law" and a law is passed, we rarely look back to see whether the law has fulfilled its alleged purpose. No better illustration of what kind of lawmaking can do to the country can be found in the case of so-called gun control measures.

In the midst of the hue and cry against the traditional right of gun ownership by private citizens, many stringent laws have been passed regulating and licensing guns. Instead of reviewing the effectiveness of these laws, a national commission has now concluded that there should be even more stringent federal control of guns and eventual rigid curbs on the traditional right of gun ownership by law-abiding U.S. citizens. Almost certainly, advocates of gun registration and licensing envision the day of gun confiscation — the disarming of all U.S. citizens.

Meanwhile, the Federal Bureau of Investigation has released some interesting figures on crime and gun controls. These figures reveal that the rate of crime and homicide has risen most rapidly in states that have recently passed extreme gun regulations. New Jersey, which introduced one of the toughest antigun laws in 1966, has suffered a period of skyrocketing crime. Before the law was passed, the state ranked 18th among the 50 states in total crime rates. By last year, it had surged to 10th in overall crime. On the average, states with the least restrictive gun controls have the lowest crime and homicide rates.

Instead of crying for more laws, we should question the wisdom of present laws.

Deceptive Arithmetic

In the long run, the price of controlling inflation will be far less than the price of failure to control it. Reportedly, part of the price of bringing inflation under control may be a rise in unemployment. Any such rise will provide a powerful stimulus to those who expect to use unemployment as ammunition to force the Administration to relax its efforts in the fight against inflation.

Ironically, statistics may be a bigger enemy than actual unemployment. For statistically, unemployment may look larger than the reality. Noted economist and columnist Milton Friedman has shown how deceptive unemployment arithmetic can be. According to Mr. Friedman, the current unemployment percentage of 4 per cent corresponds to about 3.2 million unemployed. From this it might be inferred that 3 million families are receiving no paychecks. But, as Mr. Friedman explains, hidden in the unemployment statistics are these facts: "Roughly 1 million unemployed are teen-agers, about half of whom are looking for their first job. Of the remaining unemployed, half are females, many of whom are not regular earners. Of the million unemployed males 20 years and older, only about half are married men . . . fewer than half of the currently unemployed have been unemployed for as long as five weeks; only 5 per cent — about 150,000 — for as long as six months. This is the hard-core group that leaps to mind when we talk about 'the unemployed.' This plight is certainly serious — but 150,000 persons in that position is a far cry from 3 million."

It would be a tragedy if tricky statistics weakened the will to continue the battle against inflation.

Try the Moon, Baby

A late issue of Nation's Business carries a recital of some of the Horatio Alger success stories of young U.S. businessmen, ranging in age from the early 20's to the early 40's. The experiences of these young men are the best possible answer to the dreary charges that business turns off America's youth, that the "establishment" must go, and other similar laments and threats that are repeated ad infinitum.

The truth is that there is probably more opportunity in the U.S. today for the young progressive, enterprising businessman than in any previous era. Nation's Business describes the rise of some of them. For example, in Memphis, Tennessee, a young Negro, 40 years of age, is head of a life insurance concern with \$18 million worth of policies in force. He employs 110 agents and is vice president of the Memphis Area Chamber of Commerce. Another young man made a fortune working "27 hours a day" selling home fire alarm devices. This year the firm, which he heads, expects to gross \$10 million and is planning a \$750,000 office building. These are but two examples out of many ranging from farming to computers. Of today's militants, one of these young men says, "If you want to pull down American flags, let's see you get the one on the moon, baby."

As long as the U.S. has young people like this, we can look forward to a bright future.

Environment Needs Light

Not so many years ago, a man supplied his own home with all its utility services — heat, fuel, light, water, sewage and garbage disposal, transportation and food. His home was a self-contained unit. His light came from the candles he made, from tallow he secured, from sheep he raised; his heat from trees he cut; his water from a spring, a well he dug or creeks. His transportation was by animals he raised, and his food came from his own planting. His physical security depended on his alertness and his gun. It was a hard, but simple, life that developed character and a sense of responsibility and self-help.

As population has increased, self-reliance has of necessity given place to greater dependency. To take but one example, practically every family depends on a central station electric power plant for their light, heat and power. If anything happens to that supply source the average household is out of commission. Consumption of electricity is growing so rapidly that the investor-owned power industry has to plan and build years in advance to have supplies ready to meet customer demand. Yet, expansion of generating facilities has been delayed by various groups and organizations in the name of preserving the environment. In fact, concern for the environment has forestalled construction of plants in some cases to a perilous point, since there is no way we can go back to the good old days of making our own candles. Whether we like it or not, the overworked word "environment" must be made to blend with the world as it is today. The first requirements of a healthy environment are heat, light and power.

SENSING THE NEWS

AROUND THE U. S. CAPITOL

Refusal of the U.S. Supreme Court to grant the Nixon administration's request for reasonable delay in implementing full integration in 30 Mississippi school districts raises grave questions for people in all parts of the country.

First of all, the decision by the Supreme Court poses the question of what is constitutional. The Supreme Court's rulings have no permanency. For 14 years, the court held that it was constitutional for school districts to proceed with integration with "all deliberate speed." In other words gradualism was deemed constitutional. All of a sudden, gradualism is out. The Supreme Court says that integration must be accomplished "at once." This raises the question: If gradualism was constitutional last year or last month, why isn't it constitutional this month or in the future?

The court's latest ruling confirms the suspicion of many citizens that it doesn't really have a constitutional standard, but simply adopts this or that sociological standard, depending on the whim of the justices and the temper of the times.

Moreover, even the limits of this sociological standard are unclear. Does the latest Supreme Court ruling apply only to the 30 Mississippi districts? To all the Southern states that formerly had legally segregated school systems? Or does it also apply to Northern school districts where de facto segregation prevails?

If past experience is any indicator, the court will zero in on the Southern states, treating them as targets for a judicial crackdown. The other states, which maintain de facto segregated school systems, may escape censure and regulation.

Understandably, Southerners are very sensitive in this matter. They feel, with justice, that there are two classes of law in the United States — one for the Southern states and one for states outside the South. They can point to the unequal application of the law insofar as voter rights legislation is concerned. The voter rights law was framed to apply to the South and the South only. The law is unconcerned with violation of voter rights elsewhere. It is intolerable and outrageous, of course, to have a double standard of law in a federal republic.

Then there is the practical question of how Mississippi and other similar situation states and school districts will adjust to the "at once" requirement of the Supreme Court.

No matter what the high court rules, there are limits on what local school officials can do to alter schooling arrangements and still operate an efficient, acceptable school system. In some districts, immediate forced change of schooling arrangements acceptable to both races may simply result in the end of public schooling. Parents with sufficient means will send their children to private schools. Those without means may decide to relocate, to move elsewhere.

No court can abolish a parent's concern for his children and his determination to give them good schooling and a decent educational environment. If the schools in a community are virtually shattered by arbitrary court action, parents will withdraw their children from the schools and look for other communities in which to earn their living and continue their careers. It is too much to expect responsible parents to accept the notion that their children must be guinea pigs in a sociological experiment—an experiment, moreover, that is not desired by the majority of either racial group.

Out of the Cobwebs

Sixty Years Ago:
November 26, 1909

E. Waldo Ward arrived Saturday night for a visit of a few days at the home of his brother, I. N. Ward.

Mr. H. C. Churchill was the delighted victim of a birthday surprise party tendered him by his wife and mother last Saturday evening at their canyon ranch home. Guests from out of town were Mr. and Mrs. Poole of Boston, Mr. and Mrs. Lucore, Mr. and Mrs. Sartwell and Mrs. Volz of Los Angeles, Messrs. W. H. Hurl and W. B. Churchill of South Pasadena. Mr. Churchill was presented with a handmade Morris chair as a reminder of the occasion.

Mr. and Mrs. F.D.R. Motte had as Thanksgiving guests at their Auburn Avenue home Mr. and Mrs. George H. Graves, Mr. and Mrs. S. D. Graves and Mr. and Mrs. Walter Hannam and two sons, all of Los Angeles.

Most of the local students attending Pasadena High School and Throop Institute witnessed the annual foot-

ball game yesterday at Tournament Park. Throop's victory will give the Throop students something to crow about for another year, though they form the minority of the Sierra Madre delegation which journeys to Pasadena every morning.

Mr. and Mrs. W. C. Sharon, who have occupied the Marvin cottage on West Laurel Avenue for several months have gone to Newport Beach for a few weeks. They will return soon to their home in Chattanooga. During their stay in Sierra Madre they have won many friends who hope to see them permanently settled in Sierra Madre before another year has passed.

Mr. and Mrs. C. A. Todd and family were guests yesterday at the home of Mr. Todd's sister in Inglewood.

Mrs. Elizabeth Borglum of Sierra Madre who has won many laurels in the realm of art has again been honored, this time for her painting exhibited at the Seattle exposition. She has received
